

TANGENT SOLUTIONS, LLC

SUMMER STEAM ASTROCAMP

TANGENT SOLUTIONS, LLC™

OUR OBJECTIVE

To ignite STEAM career dreams and life-changing goals through NEXT Gen science, math, and 21st century skills.

VISION & GOALS

We empower Mississippi's young learners through:

1. Cutting Edge Tech & Cultural Outings that expand worldviews
2. Standards-based student-centered NASA curriculum with peer-mentoring
3. Soft skill development (self-efficacy leadership, decision-making)

Complete NASA ASTROCAMP modules reinforced with hands-on projects | Learn block coding, drone flight, and the engineering design process | Engage in math-driven games and robotics challenges | Participate in cultural mission to New Orleans, Including:

- Audubon Zoo & Insectarium
- Aquarium of the Americas IMAX

MISSION BRIEF

Tangent Solutions, LLC and JSU CSET invite 20 young explorers to our two-week, half-day STEAM intensive summer camp - where NASA ASTROCAMP meets cutting edge instruction.
